ABOUT US

Founded in 2015, Kope Logistics is a freight forwarding company headquartered in Miami, Florida, strategically located near Miami International Airport with access to major ocean ports and transportation hubs.

We connect Central & South America, the Caribbean, and Europe through an extensive network of partner agents.

As a leading cross-border e-commerce logistics provider, Kope Logistics leverages deep partnerships with airlines, carriers, and agents to deliver reliable, scalable, and innovative solutions across all modes of transportation. KOPE sets itself apart in the industry as leader in air shipments and middle-mile logistics.

Our clients are the top priority; we deliver personalized support, tailored logistics solutions, and trusted service for both domestic and international supply chains.

**Over 10 years
of expertise**

OUR MISSION

To deliver innovative, tailored, reliable, and efficient freight forwarding solutions through customer-centric approach built around each client's unique needs.

With decades of combined experience, we are committed to providing smart, customized shipping strategies that ensure efficiency, quality, and competitive rates across air, ocean, and ground transportation.

We aim to build long-term partnerships by prioritizing our customers' success, offering flexibility, reliability, and scalable logistics solutions that fuel growth locally and globally.

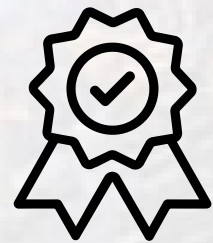

OUR VISION

To become a global leader in cross-border and e-commerce logistics, known for redefining supply chains through innovation, technology, and client-focused service.

By combining strategic alliances, cutting-edge digital platforms, and deep multimodal expertise, Kope Logistics strives to be the trusted logistics partner for businesses worldwide — empowering their growth with reliability, efficiency, and seamless execution.

WHAT MAKES US DIFFERENT?

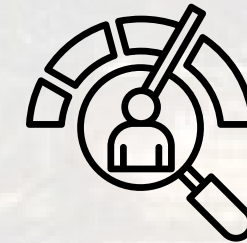

Certified Air Freight Experts

IATA/CASS, IAC, and CCSF Facility certified, with priority access, allocations and strong partnerships across major airlines for fast, secured global deliveries.

E-Commerce & Cross-Border Specialists

Recognized as a top cross-border e-commerce provider, with deep specialization in air shipments and scalable solutions via partnerships with airlines, carriers, and logistics agents.

Optimization & Efficiency

Advanced ocean consolidation, multimodal and cross-docking, strategies designed to reduce transit time and lower logistics costs.

Client-Focused

Personalized, responsive service supported by a worldwide network, ensuring flexibility, reliability, and end-to-end visibility for every shipment.

AIR FREIGHT

Global Air Freight Specialists

Offering fast, reliable, and efficient air transportation solutions across the globe for both import and export.

IATA/CASS, IAC, and CCSF Facility certified.

Key Strengths

- Strong partnerships and guaranteed space allocations with leading airlines.
- Direct, consolidated, and in-transit shipment management.
- ULD build-up and breakdown operations.
- Express and courier services/ charter flights.
- Bonded, general cargo, oversized, perishable, temperature-controlled, lithium battery, and hazardous cargo handling.

STRATEGIC LATIN AMERICA ALLOCATIONS MAP

Based in **Miami**; one of the world's busiest cargo gateways, Kope connects businesses across the Americas with **fast**, **flexible**, and **secure** air freight services built for global trade.

OCEAN FREIGHT

Licensed NVOCC and FMC-registered carrier.

We provide comprehensive ocean freight solutions for both import and export.

Our services include:

- FCL / LCL
- Bulk & Vehicle Shipping
- Special Projects
- RoRo & LoLo Operations
- Drayage
- Express Release of Bills of Landing
- Bonded, Oversized, DG and perishable cargo.
- Cross-Trade shipments support

With a widespread network of offices and strategic relationships with carriers, terminals, and distribution centers, we ensure a seamless process from origin to destination.

TRUCKING

We operate our **own fleet of trucks**, including roller beds, flatbeds, and trailers, ensuring flexibility and full control over ground operations. We offer reliable ground transportation tailored to each client's needs, enabling seamless integration with air and ocean shipments.

Pickup and delivery across local, regional, and long-haul routes.

Expedited, LTL, FTL, intermodal, and multimodal transportation.

Special projects, including oversized, heavy-haul, and bonded & ULD transportation.

ULD transportation and crane-assisted loading & unloading.

CUSTOM BROKERAGE

Kope Logistics offers full customs brokerage and regulatory compliance solutions, managing the complete clearance process for import and export shipments. We coordinate with CBP and any regulatory agency to ensure cargo moves efficiently and in full compliance.

We handle all required filings and documentation, including:

- Full Coordination with CBP and regulatory Agencies.
- OGA (Other Government Agency) compliance for regulated cargo.
- Bonded shipments, taxes, and duties.
- 7512 (IT, T&E, IE), 1F, and Warehouse Entries.
- ACAS, ISF, EEI/SED, and TIB filings.
- Duty drawbacks, single, and continuous bonds.
- Coordination with all regulatory agencies (FDA, USDA, etc.).

WAREHOUSING

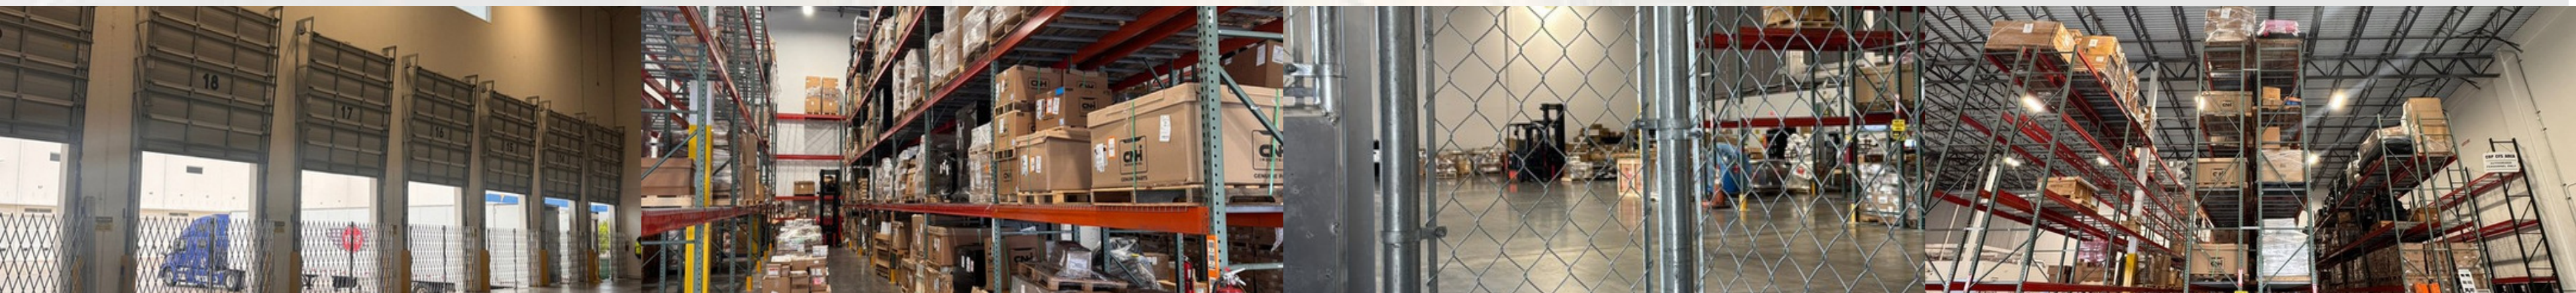

We operate a Class A warehouse facility with over 53,000 sq. ft., 21 dock-height doors, a ramp, and 36-ft ceilings.

Our facility includes CCSF-certified screening areas, bonded and CFS storage, and operates 24/7 security monitoring to ensure the highest level of control and safety.

We provide comprehensive warehousing and distribution services, fully compliant with TSA security protocols, and designed to meet the specific needs of each client

Our warehouse services include:

- Repackaging, labeling and barcoding
- Inspection for general and dangerous goods cargo.
- Project cargo preparation
- Cargo Storage: bonded, general, temperature-controlled, and DG.
- Cross-docking
- Inventory control
- Cargo screening and CFS handling

FULFILLMENT

We partner with e-commerce and direct-sales platforms to deliver fully integrated fulfillment solutions that connect your store to your end customers.

- Full order lifecycle: order receipt, picking, packing, labeling, and shipping.
- Real-Time inventory management.
- Inspection.
- Repackaging.
- Customs clearance & duty management.
- Scalable capacity to handle peak volume or seasonal demand.

With KOPE as your fulfillment partner, you gain seamless order flow, regulatory compliance, reduced handling, and a streamlined connection between your business and your customers.

E-COMMERCE

Kope Logistics is a trusted partner for **Temu, Amazon, Shein**, and other top e-commerce platforms, powering their cross-border networks with speed, scalability, and precision.

Kope Logistics specializes in B2B & B2C cross-border logistics, offering dedicated line services and bulk shipping solutions that connect online businesses with consumers across **USA, Asia, Latin America, the Caribbean, and Europe.**

B2B & B2C Cross-Border Dedicated Lines: Fast, scalable delivery directly to distribution centers and consumers in Latin America, the Caribbean, and beyond.

B2B Bulk Shipping: Optimized wholesale, replenishment, and enterprise-scale distribution.

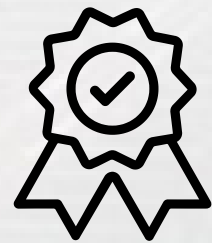

Integrated Fulfillment: End-to-end inventory, order, and return management with real-time visibility.

Customized Logistics: Platform-aligned workflows and compliance-driven processes.

E-COMMERCE

Why E-Commerce Leaders Choose Kope?

Proven expertise in high-volume, high-velocity cross-border flows.

Seamless integration with platform systems for inventory, labeling, and returns.
